EXPERIENCE

WEB DEVELOPER

Concept Education System | Dec 2023-Present

Developed a responsive and interactive kids activity platform using HTML, CSS, and JavaScript, catering to a wide range of activities from basic to advanced. Implemented interactive elements such as quizzes, games, and animations to enhance learning experiences **Developed and Launched:** Integral part of the team that developed a cutting-edge e-commerce platform using Next.js, React, focusing on performance and scalability.

JR. REACT JS DEVELOPER

ULTIMATE BUSINESS SYSTEM PVT.LTD | April 2023-Oct 2023

Developed an interactive layout, using HTML, CSS and JavaScript to generate an improved user experience and ensure high-quality design and cross-browser compatibility. Collaborated with a team of developers to design, develop, and maintain user-friendly web applications using React.js. Created reusable React components and employed state management with tools like Redux for data persistence. Working with RESTful APIs, fetching and displaying data in my React apps. I also implemented React Router to manage navigation and create single-page applications.
